# VIDEO DESIGNERS

**Northern Stage are looking to expand their network of Video Designers based in or from the North East.**

Northern Stage are looking to connect with local Video Designers from the North East to expand the pool of artists for consideration as we look to build future projects.

**Please note that this call out is not for any specific production.**

In line with our commitment to the regions we serve, we are looking to connect with Video Designers based or from the North East and the surrounding north east of England (those living in or from postcodes beginning NE, SR, DH, DL or TS).

To acknowledge systematic exclusion and work towards building a more diverse and representative theatre industry, we encourage artists from the North East who are living with a disability or a long-term health condition, Global Majority artists and/or without the representation of an agent to email us.

While we want to meet local Video Designers with all levels of experience, we are especially interested in those who are looking to scale up their practice. Our Scale Up opportunities support an artist to make their main stage debut. You will have experience working on two or more professional productions as Video Designer on the small scale or as an Associate Designer on a mid-scale production. We define small scale as 250 seats or less and professional credits as a production that has run for four or more performances and outside of an educational or training context.

## HOW TO APPLY

Please fill in this form: [Northern Stage - Video Designers based in or from the North East – Fill in form](#) Section 1 of this form will ask questions about you and your work and section 2 contains equal opportunities monitoring questions.

If you have any questions, please email [producer@northerstage.co.uk](mailto:producer@northerstage.co.uk)
